

Shared Governance Recommendation for June

Last Updated June 3, 2020 at 10:41

Request:

The Southeastern Chapter of the AAUP recommends that a Shared Governance Forum take place June 15th via Zoom, with the focus being ‘*A Return to Campus*’.

Details:

With so much uncertainty about our return to campus in the Fall, and how that will impact instruction, the theme of the forum should be *instruction and technology in the Fall*.

Questions to consider:

- What are faculty ideas and concerns for the mode of instruction in the fall?
- What are some ways to ensure adequate access to technology for students and faculty?
- What are faculty views on the academic calendar, and how do they compare to other institutions?
